July 2006

Following the delivery of food aid in January 2005 there have been significant developments in this parishes links with Sri Lanka and the ongoing relationship with CAL.

Our team were asked if we could help towards the purchase and running of a mobile clinic.

This seemed too big a project. Little did we realise what could be accomplished!

In just under three months a number of churches and individuals had made the dream of a clinic into a reality.

In October we were able to send two medical personnel to share in the work and in January of this year I had the privilege of leading a team of people to work alongside the doctors and nurses who go out with the clinic for 3 days every month. We took our own GP with us and travelled to the East and the South of the Island. We operated the clinics in some of the remote and poor villages of the Batticaloa and Matara areas and saw over 800 patients in 10 days!

We are extremely grateful to Child Aid Lanka for the support that has been given to enable this mobile medical unit to operate and have been delighted to make new friends and to assist with the ongoing fundraising necessary to this important project.

We extend our good wishes to CAL in all that it seeks to do.

Yours sincerely,

Ian Blake
